

INTERNET USE POLICY

Fletcher Academy is pleased to be able to offer access to the Internet and email for our students and staff as a tool that enhances our academic program. As with most media outlets, the Internet and email may contain many items or sites that are inappropriate and incongruent with the mission and philosophy of Fletcher Academy. It is our goal to maintain an environment that is conducive to daily growth in our walk with the Lord. Thus the saying by Paul in Philippians 4:8 "...Whatsoever things are true, whatsoever things are noble, whatsoever things are just, whatsoever things are pure....think on these things" must be upheld at all times on our campus.

The Internet and email are made available on our campus for the purpose of enhancing our academic program and not for entertainment purposes. The use of the Internet and email on our campus is a privilege and will be taken away if improperly used.

In order to get permission to use these services, both the student and parent must sign an Internet use policy and thereby agree to abide by the policies of Fletcher Academy. (Policy is subject to change at the administration's discretion and may require a new agreement to be signed)

Any activity not in harmony with these rules may result in the loss of access to the Internet and email as well as other disciplinary or legal action.
